- 1 Audio Cable Tester 1/4"/RCA/XLR/SpeakOn DBX

# Lighting Equipment

## MAIN SYSTEM:

- 1 ETC ION Xe console, 2,048 outputs
- 1 ETC Eos Fader Wing, 20 fader

## FIXTURES AND ACCESSORIES:

- 8 ColorSource LED Spot Light Engine w/ Barrel, Black
- 4 ColorSource LED Spot Light Engine, Black - incl clamp, L5-20 plug, gobo holder/diffuser
- 4 Source Four 25-50 Zoom Lens assembly, Black
- 5 Lens Tube 26° Enhanced Definition Source 4 Leko ETC
- 5 Lens Tube 36° Enhanced Definition Source 4 Leko ETC
- 1 Lens Tube 19° Enhanced Definition Source 4 Leko ETC
- 1 Lens Tube 70° Lens tube with lens installed, Black
- 5 Gobo Holder A size Source 4 Leko ETC
- 14 Par ETC ColorSource Series including PowerCon to L5-20, yoke 1 8" glass mirror ball
- 2 Pinpoint LED II
- 2 ADJ Stinger II
- 4 ADJ Ultra Hex Bar 12 - 40.25"L
- 2 ADJ Flash Rope 15.5'
- 2 ADJ Startec Rayzer
- 1 Ultratec G3000 Fog Machine 110V
- 1 Ultratec Radiance Hazer 110V – w/ truss mount

## Lighting Safety Warnings

SAW provides notice of any use of strobe and other unsafe lighting effects utilized in our programming. SAW encourages the same policy in all renter-hosted events. The notice can be found in detailed descriptions of the event (i.e. on Facebook, Eventbrite, our website) and/or posted at the main entrance of the event. SAW encourages attendees to notify SAW employees, representatives and third-party renters of any lighting sensitivities in advance of programming and/or events.

## **Venue Information**

Address: 67 Nicholas St

Capacity: 289\* inside, 150\* on paved courtyard, 100\* on landscaped area

Age limit: 19+ unless otherwise arranged with Club SAW Coordinator

Licensed: Alcoholic and non-alcoholic beverage options available

Food menu: None

**\*Please note that Club SAW's capacity is contingent upon the City of Ottawa's and the Province of Ontario's protocols regarding COVID-19**

### **Accessibility**

The main entrance to Club SAW is wheelchair accessible and has an automatic door. The three public bathrooms in Club SAW are all-gender. There is a wheelchair accessible bathroom equipped with an automatic door and adult change table.

SAW strives to notify patrons of flashing lights or other unsafe lighting effects in advance and at the event. Please notify the Club SAW Coordinator if your programming includes flashing or other unsafe light effects.

SAW does not have a permanent accessible seating area, but an area can be designated near the stage upon request.

SAW has a Jump the Line policy for all SAW-hosted events, which applies for all Deaf and disabled visitors and their personal attendants, and encourages the same for events hosted by renters.

### **Safer Spaces**

We ask all who enter SAW to be respectful and non-discriminatory towards all guests and staff in the centre. We ask you to check your assumptions at the door and to be reminded that violent, discriminatory or harmful behaviour will not be tolerated.

### **Load-in**

Load-in is recommended through the main entrance of Club SAW, located at 67 Nicholas Street, through the SAW courtyard. The entrance is down a few steps from the street level, and accessible by ramp through the courtyard. Once you have entered the building, the Club SAW

entrance is immediately to the right through the large black double doors. These doors are typically locked, so either knock to alert the on-duty staff member that you have arrived, or call the day-of-event contact phone number provided to you.

The stage level is 2 feet high. There are three steps up to the stage/green room level, as well as a powered lift for performers/crew who require barrier-free access to the stage/green room level, or for heavy equipment that cannot be lifted. The maximum weight allowance for the automated lift is 300lbs. Please request usage of the lift in advance of your arrival to the venue. The scheduled technician for your event can assist with load-in as needed.

For larger items and load-ins, the loading dock can be made available to renters with 2 weeks notice. The loading dock is generally NOT available between 1:00PM and 3:00PM, Monday through Friday.

## **Parking & Transportation**

There are no parking spots at SAW. There is street parking available on Nicholas St directly outside the venue entrance at a cost of \$7/hour from 7:00 AM to 5:30 PM, and free after 5:30 PM and on weekends. There is also 1-hour free parking on Stewart St east of Waller St (less than 5 minute walk) until 6:00 PM, with no restrictions after 6:00 PM. Paid parking is also available at the Novotel parkade (\$12 for overnight parking 6PM-6AM. Enter at 3 Daly Avenue) and the Rideau Centre parkade (\$3/hour or \$20 for 12 hours. Enter at 80 Nicholas Street or 5 Daly Avenue).

SAW is a short walk from several local public transportation stops, including Rideau Station and the MacKenzie King bus stops.

## **Backstage and Green Room**

SAW has a securable green room with direct stage access. The green room contains a couch, mini fridge, coatrack, vanity table with a lighted mirror, and a private bathroom with a shower, toilet, and sink.

The green room is up three stairs, and is also accessible by a powered lift. Please ask for assistance to operate the lift.

The green room area is 9 x 42 ft and is intended for a single artist or group use. Other green room/dressing room spaces may be available in the building upon request, subject to availability. Please contact the Club SAW Coordinator no less than 2 weeks before the event to inquire about additional green room spaces. Additional fees may apply.
